**DISTRICT STRATEGIC PLAN**  
Fall 2018 - Spring 2023

ON A MISSION TO ACHIEVE EXCELLENCE

**Jay Phillips**  
Superintendent

## **SUPERINTENDENT'S MESSAGE**

Dear Community Stakeholders,

Deer Park Community City School District is on a mission to achieve excellence. Over the past year, we have engaged our students, parents, community members, and business leaders in listening sessions, surveys, and focus groups to find out how we can move our district from good to great. Through all the feedback, we validated that our schools are the center of this community and high expectations and accountability are a must. It is our #1 duty and priority to provide our students with a safe place to gain an education while also preparing them with the academic, social, and emotional skills necessary to have a meaningful and productive future.

With all of our stakeholders' feedback in mind, we have crafted a Strategic Plan that will set our course for achieving excellence over the next 3–5 years. The Deer Park Community City School District's Strategic Plan focuses on five essential elements:

1. High Expectations for Student Learning and Success
2. School Safety and Positive School Culture
3. Effective Communication and Community Engagement
4. Attract, Develop, and Retain High Quality Staff
5. Fiscal Responsibility and Sustainable Funding

My goal is for Deer Park to be one of the top performing school districts in the state of Ohio. It is going to take a strong commitment from everyone involved. Continued community support will be critical to our success. I would like to thank everyone who gave their time, energy, and thoughtful feedback over the last year to help guide our Strategic Plan. I'm excited about the future of our schools and I look forward to continuing to work together to make Deer Park Schools great!

Yours in Education,  
Jay Phillips  
Superintendent

## OUR STRATEGIC PLANNING PROCESS

In the fall of 2017, Deer Park Community City School District launched a strategic planning process designed to chart a course for the next five years and define the expectations and aspirations that will drive the district during this time.

In collaboration with EPIC Impact Education Group, the work began with a focus on community engagement. The district engaged a diverse cross-section of parents, students, community advocates, government leaders, and district staff, hosting multiple community feedback forums. In addition to facilitated discussions, online surveys were conducted to ensure broad participation from the community.

We are grateful for the many contributions that provided clear ideas, expectations, and inspiration for the content of our plan.

**“ We are doing this as a community, for our students. That feels pretty great. There’s nothing more important to us in Deer Park than the success of these kids.”**
